The Melbourne Art Festival Board of Directors would like to welcome you to the 38th Melbourne Art Festival presented by Lexus.

We hope you will enjoy the fine art and Jewelry, live music on the Lexus Stage, kid friendly activities, the return of both the student art competition and VIP Patron Program, our sponsor displays, and the food and beverage options in the Food Court.

The Melbourne Art Festival is a juried Fine Arts Show, drawing artists from throughout Florida and the U.S. Originally held in Indialantic, then in downtown Melbourne, the Festival moved to beautiful Wickham Park in 2017. The park location provides abundant free parking, less congestion, and more space for artists, sponsors, food vendors and families.

Proceeds raised during the festival, along with those raised at benefit art auctions, are used to encourage and support the arts and art education in Brevard County. The Melbourne Arts Festival has donated over \$100K to the community.

2023 Cover Artwork

Lori Hlavsa

Residing in Florida with her husband, Lori Hlavsa is an accomplished artist.

Discovering a love for art at a young age, Lori knew that art was something more than a hobby. "My hope is to take the viewer to a place where imagination and dreams really do exist", says Lori.

Self taught and very independent, Hlavsa creates via illustration, painting, and mixed media. Lori notes, "Themes come from people, nature, and life times that inspire me." Watching her daughter's grace or her son and husband's love for the surf all reflect in her work. In her 40-year career, Lori has displayed her work in over 500 exhibits and has received numerous awards.

KidsWorld

Ages 3—12

Kids World provides a fun, creative, and inspiring hands-on experience for children of all ages. We're excited to have you learn how to juggle and perform magic. Be inspired by school choirs, bands, and participate in art workshops led by artists. Create art using materials available in the Reusable Resources and Kids World craft tent. Of course, you'll want to make time for face painting and designing your own custom Spin Art too. Everything in Kids World is free! So parents, budget time to let your kids explore their creative side.

Kids World is open from 10:00 AM to 4:00 PM Saturday and Sunday, April 22 and 23, 2023. Remember children must be accompanied by an adult while visiting Kids World. We have wash stations, if needed, and please bring hats and sunscreen!

Student Art Workshops

Grades 1-8

Two fun & free art workshops for 1st—8th graders will be taught by talented exhibiting and local artists on both Saturday & Sunday. The workshops, which will be conducted under the KidsWorld tent, enable youth to explore art experiences and each student creates a finished piece of art to take home.

We're grateful to the many artists who donate their time as instructors.

Be sure to look at the schedule and encourage your children to participate to unleash the artist within.

Dr. Chris Balaschak is a Professor of Art History, and Chair of Visual Arts, at Flagler College in St. Augustine, FL, where he teaches courses on visual culture, modern and contemporary art, curatorial studies, as well as the history of photography. His research often considers photography's role in placemaking, with a particular focus on print media and environmentalism. Dr. Tongyun Yin

Dr. Tongyun Yin is the Cofrin Curator of Asian Art at the Harn Museum of Art and a Graduate Faculty at the School of Art and Art History at the University of Florida. She holds a PhD in Modern and Contemporary Art History, Theory, and Criticism from the University of California, San Diego, and master's degrees in

Museum Studies Program and Late Imperial Chinese History from The George Washington University and Renmin University of China, respectively. With over a decade of experience in research, teaching, and curatorial work in Chinese and American museums and universities, Dr. Yin has curated many exhibitions that aim to provide a global perspective on Asian art and culture. Centering on modern and contemporary East Asian art, her research endeavors to challenge the demarcated binaries between traditional and contemporary art practices. Her extensive publication record includes "Representing the Primordial Chaos: Haptic Visuality of Tai Xiangzhou's Celestial Painting Series" (upcoming, Art Institute of Chicago), "Oneness and Wholeness: The Idea of Symbiosis in Li Hongwei's Ceramic Sculpture" (Artists, Hong Kong, 2021), "From Context to Subject: The Poetics and Politics of Creating and Exhibiting Artworks at the National Museum of China" (Journal of Contemporary Chinese Art, 2017). Dr. Yin has also served as the Panelist for National Endowment for the Humanities Fellowships Program in 2022 and a Museum Accreditation Peer Reviewer for the American Alliance of Museums since 2009.
