KidsWorld

Unleash your child’s creativity at KidsWorld! With hands-on workshops, music, and more, it’s a haven for budding artists and curious minds.

Exciting additions this year include STEM and digital workshops for 1st-8th graders, harmonograph art, Dr. Drew’s creativity session, a robot demonstration by Team Voltage 386, performances by Cookie the Clown, and neurographic art with Joan Crutcher. Younger kids will also enjoy playing with blocks, making art, and soaking in the live music, puppets and other entertainment. Best of all, everything is free! Remember, children must be accompanied by an adult and please bring sun screen. Don’t miss this unforgettable experience!

Student Art Workshops **Grades 1-8**

Talented local artists will lead free art workshops for 1st-8th graders on both Saturday and Sunday at KidsWorld. These workshops, held under the KidsWorld tent, provide youth with the opportunity to explore various art techniques and create their own masterpiece to take home. Check out the schedule and encourage your children to participate to unlock their inner artist! On Saturday from 1:00 to 1:30, join us for the "Set In Stone - Jewelry" workshop. Then on Sunday, from 1:00 to 1:30, don't miss the "Set In Stone - Sun Catchers" workshop. It's a fantastic chance for kids to unleash their creativity and express themselves through art.
